JULES VERNE TWENTY THOUSAND LEAGUES UNDER THE SEA

ADAPTED FOR AUDIO BY BRAD STETCKLAND
AND DAVID BENEDICT

A LIVE RADIO PLAY!

ARTC is proud to present what is often considered one of the classic stories that helped launch the genre of science fiction: Jules Verne's iconic story of a man who went to unimaginable lengths to abandon society and the unprecedented journey that three unexpected passengers experienced, showcasing the wonder of the undersea world... **and the darkest places of the mind of man.**

"What motivates a man? What drives him? What could force a man to abandon all he knows to pursue private revenge, using and inventing methods never dreamed of?"

"What kind of individual devotes his life to hatred of a third of the Earth?"
