There is adventure in sound...

The Atlanta Radio Theatre Company has been performing its signature brand of quality audio drama since 1984. ARTC’s fully soundscaped productions are based on original scripts by the Company’s authors and playwrights and on our original adaptations of published works by such literary giants as H.P. Lovecraft, Robert A. Heinlein, and H. G. Wells.

This is the "Theatre of the Mind," as practiced in the Golden Age of Radio. By combining today’s modern technology and dramatic techniques with the oldest form of entertainment, the human imagination, you have the best seat in the house for the most vivid movie you will ever see.
