There is adventure in sound...

Since 1984 ARTC has been producing and performing quality, fully soundscaped audio drama with original stories and adaptations of authors including H. P. Lovecraft, Robert A. Heinlein, and our own Thomas E. Fuller.

This is the “Theatre of the Mind,” as practiced in the Golden Age of Radio. By combining today’s modern technology and dramatic techniques with the oldest form of entertainment, the human imagination, you have the best seat in the house for the most vivid movie you will ever see.
